

## Chapter 25 — "Spot the Niphal" Passage Exercise

Genesis 3, 6, and 21 · The Garden, the Flood Prelude, and Beersheba

Most highlighted verbs are Niphal forms. For each one, first answer Is it Niphal? (Yes / No). If Yes: parse conjugation, PGN, and root, then state the semantic function (Passive / Reflexive / Middle / Simple Action). If No: identify the correct stem and parse fully. Three verbs in Part C are not Niphal — drawn from Qal already studied. Answer key begins on the page marked "Answer Key".

Items 5–6 (■■■■■■■■■■ / ■■■■■■■■■■) are both from ■■■■■■, a verb that occurs almost exclusively in the Niphal. Items 11–13 all parse as Reflexive from ■■■■■■ — notice how Imperative, Imperfect, and Weqatal all express the same oath-swearing action.

**Score: 13 Niphal + 3 non-Niphal + 2 bonus = 18 total. 15–18 = excellent | 11–14 = review the paradigm | below 11 = revisit §23.3**

### Reflection Questions

1. Every Niphal in Passage A (Gen 3) involves eyes, hiding, or desire. What does the Niphal contribute to the theological message of the Fall narrative?
2. In Gen 6:6–7, God is the subject of a Niphal-only verb (■■■■■). What does this choice tell us about how the narrator portrays God's emotional response?
3. Compare Gen 3:5 (■■■■■■■■■■ — "will be opened," Middle/Tolerative) with Gen 3:7 (■■■■■■■■■■■■■■■■■■■■ — "were opened," Middle). Is the function identical in both? What difference in nuance, if any, does the shift from weqatal to wayyiqtol suggest?
